

# John S. Burke Catholic High School

PROJECT #4.0160.04

**Primary Service:** Architecture  
**Type:** Religious/Educational (H.S.)  
**Owner/Client:** Archdiocese of New York  
**Location:** Goshen, New York  
**Cost:** N/A  
**Square Footage:** 21,000 sf  
**Completion Date:** N/A  
**Contact:** Msgr. James Byrnes, PhD  
Principal  
845.294.5481

Performing Arts Center - Color Coded Floor Plan

## Project Scope:

LAN was commissioned to complete a feasibility study for a Performing Arts Center Addition to the John S. Burke Catholic High School. The feasibility study utilized the New York State Building Code, local planning and zoning board ordinances to determine the building space planning, parking and site requirements. Detailed cost estimates, conceptual renderings and a model were provided to Burke Catholic, for their use in a capital fund raising campaign to construct the proposed addition. LAN provided multiple schematic design options.

## Services Performed:

- Master Planning
- Feasibility Study & Code Review
- Architectural Renderings & Models

## Program Highlights:

- 21,000 SF Proposed Addition
- Seating for 800 Occupants
- New Corridor and Improved Circulation Pattern

Performing Arts Center - Conceptual Rendering
